## MY CRAYONS TIME

Colours catch the attention of children and make the learning interesting. Special Activities are designed where a child has to use crayons to display his/her imaginative skills.

Watch Movies and Cartoons

Listen to Music

## Computer vs Man

A computer works very fast and can do many jobs at the same time.

A man is not as fast as a computer.

A computer has a good memory. It never forgets anything that is stored in it.

A man may forget the information stored in his mind.
